

Embassy of the Republic of the Philippines
Botschaft der Republik Philippinen
Vienna

LTR - 217 - 2022

07 October 2022

Dear Consul Debelak,

The Philippine Embassy in Vienna is pleased to inform you that the Center for International Trade Expositions and Missions of the Philippines (CITEM) is organizing a digital expo entitled "FAME+ Market Days," which will be held on 17-21 October 2022.

The Fame+ is a digital trade community platform bringing Philippine design into the digital age. The digital expo will feature more than 200 companies selling Philippine-made furniture, home décor, lamps & lighting, fashion, and seasonal décor products. It will also feature "Digital Business Matching," where buyers can hold a one-on-one meeting with their selected brands and manufacturers.

Interested parties may wish to meet with participating companies and schedule a consultation via the following link: <https://bit.ly/3V6gGqe>

The Philippine Embassy in Vienna would appreciate your office's assistance in disseminating this information to interested parties.

Attached is the FAME+ Lookbook containing handpicked exhibitors across all product lines. For further information about FAME+, you may wish to visit their website via this link: <https://fameplus.com/>

With our cordial best wishes.

Sincerely yours,

[CLICK TO SCHEDULE YOUR MEETINGS](#)

CREATIVE DEFINITIONS

Product Line

Handwoven fabrics (table and bed runners, shawls, blankets), men and women's footwear

Materials

Cutting edge sustainable materials; cotton,

abaca, pineapple fibers, recycled rubber

Find them on

Creative Definitions is more than a purveyor of cotton and abaca fabric. Its business has created a stable livelihood for various weaving communities in the Negros Island. Its determined promotion of handwoven textiles has put a spotlight on locally grown natural fibers, such as cotton, abaca, and pineapple. Its rigorous innovation has pushed these textiles further into the mainstream, incorporating them into daily life from home décor to fashion.

HOME DECOR

CSM PHILIPPINES

The comfort, warmth and lightness of bone China are the raison d'être of **CSM Philippines, Inc.** as it continues to delight patrons with its handmade high-quality home decor. The enterprise has evolved into a world-class company selling home décor in United States, Europe, Australia, New Zealand, Japan and other parts of Asia, the Middle East, Caribbean Islands, and Indian Ocean.

LA BONNE VIE

HOME DECOR

La Bon Vie specializes in promoting handloom woven textile and products made from Abel Iloko (also known as inabel), a strong and colorful fabric with pre-colonial roots indigenous to Ilocos Sur.

La Bon Vie's existence is rooted in the desire to revive and preserve the dying art of abel weaving, one of the few surviving traditional crafts in the region. Using her influence and business savvy, actress Ms. Bonnevie-Savellano, founder of the company, connected the weavers to homeware and fashion brands that wanted to use the textiles for their merchandise.

Jireh has for its vision a Filipino company that will produce and supply furniture of excellent quality that can compete globally in terms of designs, functions and prices and that can match and satisfy the buyers' requirements and orientations in the export market.

JUNK NOT
FURNITURE

We design so we can help make a good impact on society. Junk not! envisions to help, in its small-scale way, solve two problems that our society is facing: (1) Waste Management and its Environmental Impact, and (2) Lack of Livelihood of the

communities.

Junk not! Provides the following services:

Upcycled Plastic Waste. Our main product line is furniture out of plastic waste using the principle of innovative repurpose, re-use and upcycle of plastic waste.

Community Empowerment. All products are crafted by a community that is supported by the brand to give them livelihood

opportunities and be the protector of the environment.

Green Interior Services. Promote green living using the principle of innovative recycling and re-use of junk and by using local, sustainable materials.

SOUTH SEA

South Sea Veneer Corporation specializes in creating furniture that feature special surfaces made by hand-made techniques such as marquetry wood veneer inlay.

Over the years, South Sea has served various export & domestic clients for their custom-design requirements of residential, commercial, contract furniture & interior decor.

Through the malleable medium of metal wires, Schema molds simple patterns into complex shapes..

The company was established as early as 1994 but it was not until 2006 that it focused its efforts on developing possible methods of welding galvanized iron to make it withstand the structural stress and load of functional items. It then explored overlapping numerous thin wires by using a spot-welding machine- like how threads are weaved into a handloom to create fabric. The result was a wire mesh cloth that can tolerate a wide range of design requirements.

Furniture, Lamps,

Initially established as Vienna Furniture to pay homage to Michael Thonet's chair, the company eventually had to close. Still bearing the same design philosophy in mind, a new reinvented company was born in 2008 – Vivere Lifestyles, carrying its own brand – Triboa Bay Living.

Today, the brand has blossomed into a studio and a factory where wood, sometimes counterpointed with steel components, is ingeniously transformed into creatively designed furniture, lighting and objects. These pieces bear that casual laid-back sophistication in a marriage of traditional and contemporary silhouettes.

Materials

Though specific stimuli may shift from time to time, the Vito Selma brand is quite adamant on its focus on the natural. An examination of numerous inspirations reveal a love affair with shapes and textures that are often repeated in the earth, the sky and the sea. It is this love for nature that has driven the brand to constantly look for design components that satisfy its inclinations, while relying on wood as a primary medium.

WINNERS FURNITURE

its workforce in its field. It's expertise in furniture-manufacturing enables Winners Furniture to create the finest and functional furniture buyers are looking for.

Materials

Acento Colleccion, Inc. crafts chandeliers, hanging lamps, wall scones, vases, accent pieces, and home décor made from recycled glass. The slight flaws seen on the products are indications of artisan craftsmanship, which also distinguishes them as one-of-a-kind pieces. The brand caters to modern, classical, and traditional styles, and is always striving for a balance of design and functionality.

Hacienda Crafts Company, Inc. sustainably creates lamps & lighting, tabletop, accent furniture and home decoration elevating indigenous natural materials, traditional skills and communities. Situated in Hacienda Santa Rosalia, Manapla, Negros Occidental, Philippines, the company was founded in the early'90's to provide alternative livelihood opportunities for sugar farm workers. In 1996, through the participation in Manila FAME, Hacienda Crafts became a direct exporter. Today, the company continues to export to countries like the USA, France and the Netherlands while also serving the Philippine market. Whether it be for personal & trade use, or volume for export, Hacienda Crafts is ready to work with its customers.

Lamps and lighting

Materials

Wood, raffia, bamboo, faux

Established in 2000, Rafael Lighting instantly piques the interest of an American furniture company with showrooms across the United States. Since then, the lamps have since made their way into beautiful homes, luxurious hotels and exclusive resorts. Lamp shades are made from natural materials like raffia handcrafted by women-led social enterprises and as well as rattan strips hand woven by local artisans who continue the traditional weaving techniques handed down through generations.
